

## EAT360 Volunteer Opportunities

### Volunteer Role

#### **Classroom Volunteers**

EAT360 is a SNAP-ed funded program, serving almost 9,000 students at 14 school locations throughout Philadelphia. Vetri Community Partnership educators lead 45-minute nutrition education classes, during the school day. In our classroom, 25- 30 students create and taste vegetable forward recipes under the guidance of trained instructors. We discuss healthy lifestyles and food choices in a positive environment that challenges students to work as a team and embrace new experiences around eating. The EAT360 classroom is a customizable program, designed to address classes from kindergarten through high school.

We invite volunteers to join our instructors in the classroom as **teaching assistants**.

#### Volunteer responsibilities and requirements include:

- Set up and breakdown of nutrition education classrooms
- Working with students to maintain a safe environment throughout their experience
- Work under the leadership of instructors to facilitate classroom management
- Maintain a safe, respectful classroom space
- Clearances are required to work with us on school grounds

#### Schedule

- 3 different curriculum classes are offered per year at each of our 14 partner locations, from October - May
- 4 classes per school day, running between the hours of 8 am - 3 pm engaging all grade levels
- Volunteers are asked to be available for 3-4 hour time slots for either the morning or afternoon

***Volunteer opportunities can be found on VolunteerHub once you are on-boarded!***

## **Volunteer Role**

### **Lunchroom Volunteers**

We hope to encourage positive attitudes around whole foods, and simply prepared vegetables. EAT360 addresses students in the lunchroom through quarterly Fresh Food Tasting Days. These days turn the cafeteria into a celebration, complete with music and one delicious tasting portion of a dish created by our EAT360 trained chefs. We invite all students to taste our dish along with their regularly scheduled school lunch.

Volunteers can join the fun as well, serving the students as they find their seats in the cafeteria. Our staff will support volunteer food samplers as they engage with students. This is a great opportunity for groups of 5-7 volunteers to join our mission!

### **Volunteer responsibilities and requirements include**

- Generate a positive environment by greeting and engaging with students
- Pass out sample-sized food portions
- Follow the leadership of Vetri Community Partnership staff and school personnel
- Clearances are required to work with us on school grounds

### **Schedule**

- Fresh Food Tasting days occur 4 times during the school year at select school locations
- Volunteers should be available between the hours of 10 am and 2 pm
